FURNITURE FOR THE LONG DAYS

Everything in this catalogue is made to live outside all year: grade-A teak, marine rope, powder-coated aluminium and steel, solution-dyed fabrics. We design each collection around one moment of a summer day, from a long lunch under the pergola to a nightcap on the balcony, and we draw every set in plan so you can see how it sits on your terrace before you order it. Pieces are sold singly or as sets, and a set always costs less than the same pieces bought one by one.
