16 – 20 JANUARY 2027 · PARIS

Made slowly, by hand,
for shops that care how
things are made.

Welcome to our spring and summer collection. Everything in these pages is made in small workshops we know by name — potters in northern Portugal, a Welsh wool mill, a weaving cooperative in the Mekong Delta and our own candle studio in north London.

Thirteen pieces are new this season, marked on each page. Prices are wholesale, per piece, and every item ships in the case pack shown, so reordering the pieces that sell is quick and predictable.

Use the order form at the back of this catalogue, or send us a note. We would be glad to hear from you.

CERAMICS

Thrown, trimmed and glazed by hand in a family workshop outside Porto. Every piece carries the small marks of the wheel, and no two glazes break over the ribs in quite the same way.

TEXTILES

Woven on narrow looms in a mill that has worked with Welsh wool for four generations, then washed and finished by hand. Linens are stone-washed in Lithuania for a soft, lived-in hand from the first use.
